## TO THE PUBLIC.

---

IN presenting the BUFFALO CITY DIRECTORY for 1891, the publishers feel that they are supplying a model book of its kind, and that in the production of the work from year to year they are keeping pace with the progress of the city in its rapid course of great growth and prosperity. To do so requires unremitting attention, for Buffalo is making giant strides toward her assured ultimate position among the most populous places of the country and the greatest trade centers of the world. While in earlier times the preparation of the DIRECTORY was the labor of but a few months, to secure correct completion of its multiplied departments now requires industrious effort all the year round. Accuracy, as far as its attainment is possible, is a primary requisite; and hardly less important is convenient arrangement. It is believed that the present volume will prove unexcelled in these respects.

The typographical excellence of the DIRECTORY will speak for itself. As in the past, comparison with any similar work elsewhere produced can be challenged with the firm conviction that the palm will be yielded to the Buffalo book, of which this year's edition, its makers think, surpasses all former publications in the series.

The systematization will be found so perfected that apparently there can hardly be further improvement in the interest of those consulting the volume. Fully and carefully indexed, and simple although so largely comprehensive in its arrangement, it realizes the compiler's purpose to provide "a complete work of reference and guide to the Queen City of the Lakes, her population, commercial and industrial interests, public institutions, and

all other noteworthy features." As such the people generally will find it invaluable, and the business public indispensable.

Among the special departments the Street Directory is of prominent importance, more than ever so in view of the recent division and improvement of vast tracts within the city lines, which but a little while ago were only farm lands. The number of new streets opened within the past year is very large, being 135. Altogether there are 807 streets, 209 avenues, 82 places and 45 alleys, a total of 1,143. Changes in names of streets are carefully indicated. Attention is again invited to the convenient use which may be made of the city's system of numbering. Every number in this system represents 10 feet. Thus No. 528 Main street is 5,280 feet, or just one mile, from its beginning. Holding this rule in mind, with the aid of the Street Directory distances between points in the city may be readily ascertained. Admirably classified, a fund of information is given concerning the city and county government, churches, schools, public and private institutions, fraternal and beneficiary associations, railroads, banks, clubs, etc. Included in the volume is the mortuary record of 1890.

The growth of a city is practically illustrated by its DIRECTORY, if adequate. With each thousand of increase in population, the book should naturally be so much the larger. The increase of names in the volume of 1890 over 1889 was 3,313. The present DIRECTORY contains 90,540 names, against 85,140 last year; an increase of 5,400. On the assumption that each name represents  $3\frac{1}{4}$  persons (other cities figure on a basis as high as 4, and sometimes even higher), Buffalo's population has in a year increased 17,550, and its total is 294,255. If a name were assumed to represent but 3 persons, the population would aggregate 271,620, which would still be a large increase over the 1890 census report. Buffalo is truly a great and growing city. The publishers believe they can with modesty say that this DIRECTORY fitly represents it.

## STREET AND AVENUE DIRECTORY.

### EXPLANATION.

It will be noticed that in this Street Directory the names of the streets are set down in alphabetical order, giving the course which they run, according, as near as possible, to the points of the compass, and enumerating all streets which cross the same in the order in which they occur. The streets in the city were renumbered in 1868, and the following method was adopted, to wit: From the starting-point of the street, measuring along the line of the street, twenty feet; then making No. 1 to the right-hand side, and No. 2 to the left-hand side, and so on, each twenty feet, whether there be a building or a vacancy or a street crossing. The number on one corner has been given, so that a person wishing to find, say, 499 Main Street, on consulting the Street Directory, finds that the right-hand corner of Main and Mohawk is No. 487, consequently the place he seeks is only a few doors above.

Articles of every kind or nature which are admitted to the domestic mails of either country will be admitted under the same conditions to the mails exchanged between the two countries; except that articles other than letters in their usual and ordinary form are excluded from the mails, unless they are so wrapped or inclosed as to permit their contents to be easily examined by postmasters or customs officers; and except also the following articles, the transmission of which is absolutely prohibited under any circumstances, viz.:

Sealed packages which, from their form and general appearance, evidently are not letters, and are not wrapped or inclosed as above required; publications which violate the copyright laws of the country of destination; packets, except single volumes of printed books, which exceed four pounds six ounces in weight; liquids, poisons, explosive or inflammable substances, fatty substances, or those which easily liquefy; live or dead (not dried) animals, insects and reptiles; confections, pastes, fruits and vegetables which quickly decompose, and substances which exhale a bad odor; lottery tickets or circulars; all obscene or immoral articles, and other articles which may destroy or damage the mails, or injure persons handling them.

Articles other than letters, in their unusual and ordinary form, on their arrival at the exchange post-office of the country of destination, will be inspected by customs officers of that country, who will levy the proper customs duties upon any article found to be dutiable under the laws of that country. Dutiable articles received in the United States under this arrangement will be treated in accordance with the regulation upon pages 726 and 727 of the Postal Guide for January, 1898.

#### RATES OF POSTAGE TO POSTAL UNION COUNTRIES.

Letters, five cents per half ounce or fraction thereof (fifteen grams being the postal equivalent of half an ounce).

Postal cards two cents each.

Registration fee, ten cents.

#### FORWARDING LETTERS AND POSTAL CARDS.

The law provides that prepaid letters and postal cards shall be forwarded from one post-office to another, at the request of the party addressed, without additional postage. A letter or postal card that has been delivered to an authorized person, and by him redirected to another post-office, can be forwarded to its new address without prepayment of additional letter postage.

Newspapers, periodicals and miscellaneous mailable matter can now be remailed or forwarded by prepayment of original postage.

#### ADVERTISED LETTERS.

Letters after remaining in this office one week are advertised. Such letters can only be obtained by calling for them as advertised letters, giving the date of the list and paying one cent for advertising. If not claimed within two weeks thereafter they are sent to the Dead-letter Office.

#### LETTERS NOT ADVERTISED.

The following classes of letters are not advertised: Drop letters; letters bearing requests to be returned to writers if unclaimed; box letters; letters directed and sent to hotels, and then returned to the post-office as unclaimed—being for strangers.

#### RATES OF POSTAGE.

*First Class*—Letters and all other written matter, whether sealed or unsealed, and all other matter sealed, mailed, sewed, tied or fastened in any manner, so that it cannot be easily examined, two cents per ounce or fraction thereof. Postal cards one cent each. Postal cards are unmailable with any writing or printing on the address side, except the direction, or with anything written upon or attached to them.

On local or drop letters, at offices where free delivery by carrier is established, two cents for each ounce or fraction thereof.

*Second Class*—Matter of this class shall contain no writing, print or sign, thereon or therein, in addition to the original print, except the name and address of the person to whom the matter shall be sent, index figures of subscription book, either printed or written (which figures may indicate the number of copies sent), the printed title of the publication and the place where it is published, the printed or written name and address of the publisher or sender, or both (without the addition of any advertisement), and written or printed words or figures, or both, indicating the date on which the subscription to the matter will end, the correction of any typographical error, a mark (except by written or printed words) to designate a word or passage to which it is desired to call attention, the words, "Sample copy," when the matter is sent as such, and the words "Marked copy," when the matter contains a marked item or article. And publishers or news agents may inclose in their publications bills, receipts, or orders for subscription thereto; but the same shall be in such form as to convey no other information than the name, place and subscription price of the publication to which they refer, and the subscription due thereon.

*Third Class*—On matter of this class, or on its wrapper or envelope, or on a tag or label attached, the sender may either write or print his own name, occupation and residence or business address, preceded by the word "from," and may make marks (other than by written or printed words) to call attention to any word or passage in the text, and may correct any typographical errors. There may also be placed upon the blank leaves or cover of any book or other matter of this class a simple manuscript dedication or inscription not in the nature of personal correspondence.

There also may be placed upon the envelope, wrapper, tag or label of matter of this class any printing that is not in its character, unmailable as third-class matter, provided there be kept sufficient space for a legible superscription and the necessary postage stamps.

*Fourth Class*—With matter of this class, properly prepaid as such, the sender may

inclose third-class matter; and he may write or print upon the cover, wrapper or label thereof his name, occupation, residence or business address, preceded by the word "from," and any marks, numbers, names or letters for purpose of description. He may also print upon the same anything that is not unmailable as printed matter, and that is not in the nature of personal correspondence, provided there be left sufficient space for a legible superscription and the necessary postage stamps.

The rate of postage on newspapers and periodical publications of the second class, when sent by other than the publisher or news agent, is one cent for each four ounces or fractional part thereof.

#### POSTAL CARDS.

The postage of one cent each is paid by the stamp impressed on these cards, and no further payment is required. The address may either be written, printed or affixed thereto, at the option of the sender. Anything else attached in any way to a postal card subjects it to letter postage.

#### POSTAL RULES.

A subscriber cannot remail his paper to another without prepayment of postage at transient rates.

Postmasters cannot deliver from their respective offices letters addressed and deliverable from other offices, except in case of letters addressed to discontinued offices nearest the office where such letters are held for delivery.

Money should not be inclosed in an ordinary letter.

Valuable letters should be carried to the Post-office and registered. If money is to be remitted, a Postal Money Order should be obtained.

Money and other valuables sent by mail are at the owner's risk.

Read letters with the name of the writer's Post-Office and State, street and number. Sign them with full name and request that answers be directed accordingly.

It is the duty of the Postmaster at the mailing office, as well as at the office of delivery, to carefully examine all printed matter, to see that it is charged with the proper amount of postage, and to detect fraud.

When publishers inclose hand-bills with their newspapers in violation of the law, the Postmaster is required to rate up such packages with letter postage, according to the weight of the same, and, if not paid by the party addressed, to return them to the mailing office to prosecute the sender in the penalty of \$5 in each case.

No extra postage charge is to be made for a card printed or impressed upon an envelope or wrapper.

The law limits the weight of packages to be sent by mail to four pounds, except books issued by order of Congress.

The persons entitled to receive letters by mail are those whose names are in the address, and delivery should be to the person addressed, or according to his or her order.

Letters addressed to a party deceased can only be delivered to his legal representatives.

Letters addressed to a firm may be delivered to any member thereof.

Drop leaders can only be forwarded upon the prepayment of one full letter rate of postage.

#### THE FOLLOWING ARTICLES ARE UNMAILABLE:

Letters which cannot be forwarded to their destination by reason of illegible or unintelligible superscription.

Letters upon which one full rate of postage has not been prepaid, and those covered by revenue stamps, by stamps previously used, or by stamps cut from stamped envelopes, and packages which exceed four pounds in weight.

Letters insufficiently paid or wholly unpaid for foreign countries, on which prepayment is required in full.

Letters to Europe and other foreign countries belonging to the International Postal Union, which contain gold or silver, money, jewels or precious articles, or any article liable to customs duty.

All letters upon the envelope of which, or postal card upon which obscene, scurrilous, or abusive epithets have been written or printed, or disloyal devices printed or engraved, and letters or circulars concerning illegal lotteries, so-called gift concerts, or other similar enterprises offering prizes or concerning schemes devised and intended to deceive and defraud the public. Also, all obscene, lewd or lascivious books, pamphlets, pictures, papers, prints or other publications of an indecent character.

And all matter otherwise mailable by law upon the envelope or outside cover or wrapper of which, or postal card, upon which indecent, lewd, lascivious, obscene, libelous, scurrilous, or threatening denunciations; epithets, terms, or language, or reflecting injuriously upon the character or conduct of another, may be written or printed, are hereby declared to be non-mailable matter, and shall not be conveyed in the mails, nor delivered from any post-office, nor by any letter-carrier; and any person who shall knowingly deposit, or cause to be deposited, for mailing or delivery anything declared by this section to be non-mailable matter, and any person who shall knowingly take the same or cause the same to be taken from the mails, for the purpose of circulating or disposing of, or of aiding in the circulation or disposition of the same, shall be deemed guilty of a misdemeanor, and shall, for each and every offense be fined not less than one hundred dollars nor more than five thousand dollars, or imprisoned at hard labor not less than one year nor more than ten years, or both, at the discretion of the court.

Postmasters are notified that under this act such matter will be treated precisely as obscene matter is treated under the provisions of section 8-0, Postal Laws and Regulations. Any postal card, or any other matter upon the envelope or on side cover of which appears anything which reflects injuriously upon the person addressed, or any one else, or upon his character or conduct, or is plainly calculated and intended to injure his feelings

or reputation, or bring him into discredit, or threatens him, will be excluded. Anything in the nature of an offensive or threatening dun apparent upon an envelope, outside cover or postal card, or conveying the suggestion that such dun is inclosed, will be excluded as non-mailable under this act. The attention of postmasters is called, in this connection, to sections 381 and 527 of the Postal Laws and Regulations as applicable. As to mailable, the postmaster, if he deems any case doubtful, will submit it to the Department for decision.

Packages containing liquids, poisons, glass, explosive chemicals, live animals, sharp-pointed instruments, or any other matter liable to deface or destroy the contents of the mail, or injure the person of any one connected with the service.

# BUFFALO LAW SCHOOL.

Lecture Room at Buffalo Library Building, Wash-

ington cor. Broadway.

Organized June, 1887, incorporated February, 1891, is under the auspices of the Judiciary and the Bar of the City of Buffalo. The faculty and lecturers upon special topics are either judges now upon the bench, or lawyers in active practice, who will bring to the discharge of their duties ripe experience, made more valuable by their constant engagements in the decision and trial of the many new questions of law which arise in the practice of their profession.

It will be remembered that the Buffalo Law School was organized in the spring of 1887, as a department of Niagara University, by Hon. Charles Daniels, Hon. Charles Beckwith, and others of the most prominent members of the Buffalo bench and bar.

In the month of March last it severed its friendly relations with the University at Suspension Bridge, and, shortly afterwards, a separate charter was granted to it by the University of the State of New York.

This is the only instance in New York of a Law School created by the State Board of Regents.

The advantages to the School are great: its power as an educational factor is recognized and approved by the leading educators of the State.

The Trustees appointed by the Regents are as follows:

Hon. Henry A. Childs, of Medina; Hon. John S. Lambert, of Fredonia; John E. Pound, Esq., of Lockport; Hon. Safford E. North, of Batavia; Hon. Alfred Spring, of Franklinville; Hon. S. M. Norton, of Friendship; E. M. Bartlett, of Warsaw; Hon. Chas. Daniels, Leroy Parker, Esq., Hon. Charles Beckwith, Hon. George S. Wardwell, of Buffalo; Hon. Albion W. Tourgee, of Mayville; and Spencer Clinton, James Frazer Gluck, George Clinton, John G. Milburn, Adelbert Moot, Tracy C. Becker, Charles P. Norton, Carl T. Chester and E. Corning Townsend, of Buffalo.

The officers as under the old order are retained and are—Charles Daniels, Dean; Leroy Parker, Vice-Dean; Chas. P. Norton, Registrar, and E. Corning Townsend, Secretary and Treasurer.

The course of instruction to be followed will occupy two years' time. Each year will be divided into two terms of seventeen weeks each, beginning the first week in October and closing the last week in May. A post-graduate course will be arranged for those students who have graduated from the law department or wish to pursue special courses in advanced subjects.

Instruction will be given by means of lectures, recitations, and especially by the study of leading cases, illustrating the legal principles under consideration. Examinations will be held from time to time to test the efficiency of the work performed by instructors and students.

The situation of the School at the City of Buffalo is a peculiarly favorable one. During most of the college year four Courts of General Jurisdiction are in session, in which the trial of important cases, often by distinguished counsel, are constantly in progress.

Special terms of the Supreme Court and of the Superior Court of Buffalo are held daily, at which judges sit to hear and determine questions touching almost every branch of the law. Terms of the United States Courts are also held in the United States Court rooms; two General terms of the Supreme Court and General terms of the Superior Court of Buffalo are held yearly.

Students will thus have the opportunity to observe the trial of causes, before judges and juries, and to hear the argument of legal questions in appellate courts.

Dean, and Professor of Constitutional Law—Hon. Charles Daniels, LL. D., Justice of the Supreme Court.

Vice-Dean, and Professor of the Law of Contracts and Private Rights—LeRoy Parker.
